DAANGHARI-ALABANG

Along the boom strip of Daang Hari in Alabang, a beautiful enclave of signature homes proudly stands out as a masterful realization of a passion for style and practicality.

Atop a gracious hill, a model unit Murano is elegantly perched, striking with its unique design charm. The vista windows and balconies are wide enough to maximize the breathtaking views around.

Murano is generous in its use of space and architectural embellishments. A well thought-out design translates to a spacious master's bedroom with high domed ceiling. A lanai exquisitely blends with the interiors and visually connects with the lush landscaping outside. The gated village, with a mango glen transformed into a central amenity park, gently whispers its obsession with privacy and reassuring security.

How to get there:

From Madrigal Business Park Alabang turn left to Daang Hari, then turn right at Springville Meadows entrance.

Follow the signages and you will see Ponticelli on your right.
